Break-in, Speaking, Birthdays & More...

On July 5-8 we were at the East Michigan District Family camp. We camped in two tents and the boys had a wonderful time. Pada and I (Dan) had two different opportunities to share about Thailand. On July 11th, while we were in USA, thieves broke into the home we live in in Thailand. Pada's mom was sleeping at the

time, but did not discover the break-in until the next morning. They stole a laptop, jewelry, cash, and identity documents. Pada's mom was very traumatized by the incident. We spent several weeks trying to limit the potential damage. On the weekend of July 23-24, we were at Stoneycreek Community Church to share about Thailand.

The week of July 25-29, we were at GP Headquarters for training. We celebrated Pada's birthday and our anniversary during the training week. We were at Hillside Wesleyan Church to share about Thailand on the 30-31st. We were able to catch up with many people who we had not seen in several years and make many new friends. Many people were very interested in particularly what Pada is doing with her group of ladies and the outreaches that she does each week.

Tidbits about Thailand

- On July 3rd, Thailand elected it's first ever female Prime Minister. She is the younger sister of the former Prime Minister who was removed in a 2006 military coup, later convicted on corruption charges, and currently avoiding those charges by traveling internationally.

July is always a busy time for my (Dan) family. It is the annual cherry harvest. The boys got to see how the cherries are taken off the trees and got to help their cousins work a bit.
